Charles Cook Launches COOK ARCHITECTURAL Design Studio
Renowned Architect Carves his Own Niche with New North Shore Firm

Glencoe, IL - Charles S. Cook, a long-time Principal of Myefski Cook Architects, Inc, proudly announces the launch of COOK ARCHITECTURAL Design Studio, Inc. a new residential and commercial architectural firm located on the North Shore. With more than twenty-five years of experience, Cook happily branches out on his own to create distinctive environments for his discerning clientele.

We have developed an experienced team of talented professionals who are all driven to satisfy the desires of our clients. Whether its creating a family's dream home or a state-of-the art commercial facility, we have the passion and the skills to ensure satisfaction, notes Cook, CEO of COOK ARCHITECTURAL Design Studio

Cook and his team are LEED Accredited Professionals embracing sustainability, green technology and energy conserving solutions. The firms work masterfully demonstrates how sustainable design never means compromising aesthetics or luxury. Their work has received more than eighteen national design awards, twenty local design awards, and twenty-five awards for preservation and restoration projects.

Before perusing his own ventures at his namesake companies, Cook worked for several well known firms including Perkins & Will and Pappageorge Haymes Ltd. His experience also includes design development and execution of construction documents for various residential and commercial projects throughout the Midwest. He holds both a Masters of Architecture and a Masters of Business Administration from the University of Michigan, Ann Arbor. He is a State Licensed Architect in Illinois and Michigan.

COOK ARCHITECTURAL Design Studio provides a primary focus on design and service, supported with acute attention to detail. Services include Master Planning, Schematic Design, Design Development, Construction Documents and Construction Observation phases for projects ranging from complex mixed-use commercial structures to single family residential. The firm principal and design team members are LEED Accredited Professionals.

COOK ARCHITECTURAL Design Studio is located at 716 Vernon Avenue, Glencoe IL 60022. For more information call (847) 835-7132 or visit www.cookarchitectural.com.
